New York, April 6.—Cable dispatches stating that J. P. Morgan had been taken seriously ill in Rome created quite a flurry in the financial district this morning and great anxiety was manifest.

DOUBLE TRAGEDY ENACTED

(United Press Leased Wire.)

Pittsburg, Pa., April 6.—Love of a man 60 years of age for a girl of 16 ended in a tragedy today, when Samuel G. Gardner, a wealthy coal operator, shot and killed Dorothy Bradley at her home in this city and then shot himself, perhaps fatally.

Gardner was infatuated with Dorothy, who was a school mate of his daughter, Marie. Upon seeing her last night in company with a young man who was escorting her to church, Gardner flew into a rage. Shortly after he ate breakfast this morning he purchased a revolver and went to the Bradley home. He rang the door bell, and when Dorothy Bradley appeared at the door he killed her and shot himself without moving from the spot. Little hope for his recovery is entertained.

ROBLEY EVANS IS

ALWAYS READY

(United Press Leased Wire.)

Chicago, April 6.—"He is always ready for sea duty, but he is afraid of social festivities." That was the little character sketch of Admiral Robley D. Evans, given today by the persons who know him best—his wife.

Mrs. Evans was in Chicago four hours on her way to join the admiral in California. She was accompanied by her daughter.

"You see," continued Mrs. Evans, "my husband always responds with alacrity to the demands of duty which calls him to the bridge, but he is far less enthusiastic in answering the demands of that other duty which calls him to the banquet hall or the ball room.

"He finds dinners and dances and receptions very trying after a hard period of duty on the bridge. He has been subject to these rheumatic attacks for many years, and so I am not so anxious about him as though they were something new.

"I have had recent word from him, and I am thankful indeed to be able to say that he now is feeling a great deal better. The rheumatism is rapidly disappearing, and he is generally in much better condition than he was a short time ago."

Laundry Mangle Explodes.

Los Angeles, Cal., April 6.—The finishing room of the California laundry on East First street was wrecked today, and a loss of \$10,000 incurred when a big mangle, weighing several tons, exploded and hurled particles of iron in every direction.

The accident occurred at a few minutes before 7 o'clock, when the room was practically deserted. Had the explosion taken place five minutes later the lives of the 25 young women employed would have been in peril.

The windows were shattered by the force of the explosion, wooden partitions torn out and the whole front of the building blown out.

FATAL HOTEL EXPLOSION
